## **RE: NBC Security**

In view of the magnitude of the current situation in NYC, I have requested that NBC beef up their security measures around the NBC/GE building. In a conversation with both Day Krolik III of NBC Labor Relations and NBC's Director of Employee Relations, Alexandra McCauley, I have requested the following actions be taken:

1. All employees should be required to wear their ID for immediate verification
2. All employees should be required to sign in and out of work.
3. The Today Show should contact the appropriate NYC Police Precinct and request uniformed officers be placed around NBC during outside remotes.

These measures worked well several years ago during a similar crisis in NYC.

Finally, our hearts and prayers go out to all of our members and to everyone who may have lost loved ones as a result of this horrible and senseless attack on The United States of America.

Fraternally,

Louis P. Fallot  
President
