New Daily Hire Photo ID's

NBC has informed us that they are finally in the process of taking new photo ID's for NAB ET-CWA-represented daily-hire employees. After many months of Local 11 arguing with the Company, they have agreed to remove the "non-STAFF" reference from the photos.

We have felt strongly that the language was highly offensive and must be removed immediately. We want to also thank the members of our Daily Hire Advisory Committee, Elizabeth Fulton, Tracey Dell and Steve Kent, for voicing their objections to the old photo ID's as well.

Fraternally,

Louis P. Fallot
President

Vice President and Grievance Chairman
