RE: NBC Buyouts - 2002

I have been informed that voluntary buyouts for 2002 will be made available throughout B&N0. The terms of these buyout offers will mirror those of the past several years. Any NABET-CWA-represented employee working for B&N0 who desires a buyout should contact his or her supervisor. I am told that anyone who desires a buyout should make their intentions known during the next thirty (30) days. The NBC Tuition Reimbursement Policy is included in the current round of buyouts.

Fraternally,
Louis P. Fallot
President
