TO: All NABET-CWA/NBCUNI Members

The Union reached an agreement with NBCUNI on a new MSNBC Agreement on September 7, 2007. The Agreement covers various scenarios concerning the division of work once MSNBC employees are transferred to the Company's facilities at 30 Rockefeller Plaza.

As both parties expect this unique situation to evolve over the coming months, the parties will meet regularly to discuss problems of implementation and it is understood that either party can cancel the Agreement if they feel that the Agreement is not working.

The Agreement is available on the NABET-CWA Local 11 website at www.nabetlocal11.org. As always, you can contact the Local 11 office if you have any questions on this matter.

Fraternally,

**Edward J. McEwan
President**
