NABET-CWA/RAI Negotiations

Negotiations resumed today at the offices of Local 11 in New York.

The Union once again raised the issues of Medical Insurance and the Unit status of the former YOH employees.

RAI responded that their position on both matters has not changed. The Union countered by stating that it will file charges with the NLRB on both issues. The parties also discussed training concerns and did a run through of the Company's proposals presented to the Union in October.

Face to face meetings on January 11 and 12, 2007 were agreed to.

The Union's negotiating team will meet prior to January 11th to discuss strategy for continuing the negotiations.

Once again, you are encouraged to ignore all rumors. All information concerning negotiations will come from your Negotiating Committee.

Fraternally,

NABET-CWA/RAI Negotiating Committee
